

KONTROLAIR®

Eliminates condensation humidity

TECHNICAL DATA SHEET

DIMENSIONS

Internal dimensions: 290mm Ø160mm

Mask sizes: 200mm * 200mm

TECHNICAL DATA

Power supply 12 VDC

Power consumption 7 W approx..

Bluetooth connectivity system

Noise level (at 3 meters) 7 dB

Degree of protection IP 66 according to CEI EN 60529 (1997) standard

Aspiration flow rate 60m³/ h approx.

Extraction flow rate 60m³/ h approx.

Weight 1,750 g approx.

CE marking device conformity with EEC directive 73/23 (electrical product safety) and 89/336 (electromagnetic compatibility)

Bluetooth remote control

Integrated thermal energy recovery system

Automatic air flow adjustment with measurement of temperature and humidity both in extraction and input channels

12V socket for LED lighting (optional)
